

# Privacy Policy

Last Updated: April 1, 2026

Thank you for using PhoneMaster (hereinafter referred to as "the App").

This Privacy Policy is designed to explain how we collect, use, and protect your information when you use this App.

PhoneMaster is committed to protecting your privacy and ensuring transparency in how we handle your information.

## 1. Information We Do Not Collect

We solemnly pledge that this App is designed with user privacy at its core:

- You do not need to register or create an account to use this App.
- We do not collect, upload, store, or share any personal information, such as your name, email address, or phone number.
- We do not collect, upload, store, or share your photos or video content (including images, metadata, or location data).
- We will never sell or share your information with third parties for marketing purposes.

## 2. Information We Do Collect

We may collect limited, non-personally identifiable information regarding your iOS device (such as device identifiers like UDID or IDFA, device model, and iOS version) and App usage (such as the features you use most frequently) in order to fix bugs, optimize performance, and improve the user experience. This data is collected anonymously and cannot be linked to any personal information.

## 3. Permissions We Request

To provide the core functionality of this App, we may request the following permissions:

Access to Photo Library

Purpose:

Allows users to browse photos and videos stored on their device.

Enables users to organize and delete unwanted media files.  
Allows for saving processed files or exported audio files.

Important Note:

Photos and videos are processed locally on the device only.

Media files are not uploaded to our servers.

Access to Contacts (Optional)

Purpose:

Allows users to add contacts to the "Private Vault" feature.

Important Note:

Contact information is stored locally on the device only.

Contact data is never transmitted to external servers.

Access to Local Storage

#### **4. Private Vault Storage**

The "Private Vault" feature allows users to store photos, videos, and contacts within a protected area inside the App. Important Details:

Files are stored exclusively locally on the user's device.

We do not upload or access files stored within the secure vault.

Users retain complete control over their private content.

#### **5. Video-to-Audio Conversion Feature**

When you use the video-to-audio conversion feature:

The video processing is performed entirely locally on the device.

No media files are uploaded to any servers.

#### **6. Data Storage and Security**

We take reasonable measures to protect user information.

Security measures include:

Local data processing.

No remote storage of user media files.

A secure application operating environment.

However, no method of internet transmission or electronic storage is 100% secure. While we strive to protect your data, we cannot guarantee absolute security.

## **7. Children's Privacy**

PhoneMaster is not directed at children under the age of 13.

We do not knowingly collect personal information from children.

If you believe that a child has provided personal data through this application, please contact us, and we will take appropriate measures.

## **8. Third-Party Services**

We may utilize third-party services to support the operation of this application (such as for data analysis or performance optimization). These services may collect data from anonymous devices in accordance with applicable regulations. The relevant links are shown below.

The privacy policies of the following third-party platforms are for your reference only:

1. Firebase: <https://firebase.google.com/support/privacy?hl=en-us>
2. AppsFlyer: <https://www.appsflyer.com/legal/privacy-policy/>

These third-party services are subject to their respective privacy policies and comply with Apple's privacy requirements. We will not share any personal content or identifiers (such as photos, videos, facial data, or personal contact information) with any third party. The data shared with third-party services is limited to anonymous device information and aggregated usage statistics, and cannot be used to identify specific users.

## **9. Changes to the Privacy Policy**

We may update this Privacy Policy from time to time. In the event of any changes, we will post the new policy on this page and update the effective date. We recommend that you review this policy periodically. Your continued use of this application following the posting of the updated policy constitutes your

agreement to the revised terms.

## **10. Compliance**

We comply with applicable data protection laws and guidelines, including:

- Apple App Store Review Guidelines
- General Data Protection Regulation (GDPR)
- California Consumer Privacy Act (CCPA)

## **11. Contact Us**

If you have any questions regarding this Privacy Policy or this App, please contact us:
